United Insurance Brokers

Capabilities overview

About UIB Group

United Insurance Brokers is one of the largest privately-owned independent international insurance and reinsurance brokers in the world. UIB Group is head-quartered in London and is a registered Lloyd's insurance broker.

UIB Group provides clients with the platform to access insurance and reinsurance markets globally, through the individual contacts that the brokers based in London have as well as through the network of offices that UIB Group has in 18 countries around the world.

UIB Group clients benefit from a dedicated and exceptionally culture sensitive team of specialists in the Non Marine Division. The specialists in Non Marine provide global solutions supported by a personal drive and focus for which UIB has established an unrivalled reputation.

The ethos of UIB, from the very beginning has been client focused, listening carefully to clients' concerns and their requirements, striving to meet those needs and delivering the appropriate products and professional service.

The specialists in the Non Marine Division draw on many years of experience to address and resolve complex risk issues and develop comprehensive and costs effective risk and insurance solution throughout the world on a daily basis.

The Non Marine Division consists of the following teams being, Property, Political Violence and Casualty.
